Consider listening to thexzzreport.com podcast. Exciting times. I saw video of Antifa peeps wearing trump clothing repeatedly hammering on on a capital window and Trump supporter pulling him away. It's my belief that this is a coup on our president. Antifa led the charge into the capital. Trump is still the president. Standby things could get rough.

When pushed to the edge sure. Well, I'm watching Trump concede. Nuts. Well, we won't stand for the election system for the next one. It must be rebuilt. Perhaps we'll have a cheater for a president. Perhaps, since Biden is guilty of treason there is some other surprise in store.

I think his concession may have been a bluff. He wants the enemy to expose themselves. He's drawing them into his trap. We'll see. Pray.
